PROFESSIONAL SUMMARY

Full Stack Web Developer with 2.5+ years of experience designing, developing, and deploying scalable SaaS and enterprise web applications using React.js, Next.js, Node.js, Express.js, and PostgreSQL. Experienced in RESTful API development, JWT authentication, Role-Based Access Control (RBAC), Stripe payment integration, Redis caching, database optimization, and cloud storage solutions. Skilled in Agile development, SDLC, performance tuning, and deploying high-availability applications using PM2 and Nginx. Passionate about building secure, scalable, and user-friendly web applications.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript

Frontend: React.js, Next.js, Astro.js, HTML5, CSS3, Bootstrap, Tailwind CSS, Responsive Web Design, Single Page Applications (SPA)

Backend: Node.js, Express.js, REST APIs, JWT Authentication, RBAC, Middleware Development, MVC Architecture, API Integration, Error Handling

Databases: PostgreSQL, Sequelize ORM, Database Design, Query Optimization, CRUD Operations, Indexing

Caching: Redis, Performance Optimization

Cloud & Storage: Azure Blob Storage

Integrations: Stripe Payment Gateway, Google Maps API

Deployment & Servers: PM2, Nginx, Linux Server Management, Application Deployment, Hostinger

Version Control & Tools: Git, GitHub, Postman, VS Code

Design: Figma, Adobe Illustrator, Canva

Methodologies: Agile Development, Scrum, SDLC, OOP Concepts, Clean Code Principles

CORE COMPETENCIES

◆ Full Stack Development

◆ SaaS Application Development

◆ REST API Development

◆ Authentication & Authorization

◆ Database Design & Optimization

◆ Payment Gateway Integration

◆ Cloud Storage Integration

◆ Performance Optimization

◆ Responsive Web Development

◆ Agile Software Development

WORK EXPERIENCE

Web Developer | **Innovation Eco Solutions** | Jan 2025 – Present

Property Source Hub — Technologies: React.js, Next.js, Node.js, Express.js, PostgreSQL, Sequelize, Redis, Stripe, JWT, PM2, Nginx

- Developed scalable full-stack web applications using React.js, Node.js, Express.js, and PostgreSQL.
- Designed and optimized REST APIs, reducing response times by 35%.
- Integrated Stripe payment gateway for secure subscription and transaction workflows.
- Implemented JWT authentication and Role-Based Access Control (RBAC).
- Improved application performance using Redis caching and database query optimization.
- Deployed applications using PM2 and Nginx ensuring high availability and performance.
- Built responsive and SEO-friendly user interfaces using Next.js.

Clearstay360 (SaaS Platform for Rental Property Management) — *Technologies: React.js, Node.js, Express.js, PostgreSQL, Sequelize, Redis, Stripe, Azure Blob Storage, JWT*

- ▶ Built a scalable SaaS platform using Node.js, Express.js, PostgreSQL, and React.js.
- ▶ Designed REST APIs and database schemas using Sequelize ORM.
- ▶ Implemented role-based authentication for Property Owners, Property Managers, and Cleaning Companies.
- ▶ Integrated Stripe for subscription-based payments and onboarding workflows.
- ▶ Developed inventory management systems with property-level tracking.
- ▶ Built inspection reporting systems with PDF generation and email notifications.
- ▶ Optimized performance using Redis caching and database query improvements.
- ▶ Managed cloud file storage using Azure Blob Storage.

Web Developer | **Genamplify Solutions Hub** | *Mar 2024 – Nov 2024*

Sree Jewells – Jewellery Showcase & Business Website — *Technologies: React.js, Node.js, Express.js, PostgreSQL, REST APIs, PM2*

- ▶ Built responsive jewellery platform with REST APIs and admin authentication.
- ▶ Improved website performance by 40% and integrated lead capture systems for conversions.
- ▶ Managed backend stability and deployment using PM2.
- ▶ Enhanced user experience through responsive and optimized UI implementation.

KEY ACHIEVEMENTS

- ★ Reduced API response times by 35% through backend optimization.
- ★ Improved website performance by 40%.
- ★ Successfully delivered multiple scalable SaaS applications.
- ★ Implemented secure payment workflows using Stripe.
- ★ Optimized PostgreSQL database performance through query tuning and indexing.

EDUCATION

Bachelor of Commerce (Computers)

St. Mary's Centenary Degree College | *2020 – 2023* | **Percentage: 90%**

CERTIFICATION

UI/UX Development Certification – 2023

Tech Mahindra SMART Academy, Hyderabad

LANGUAGES

English • Hindi • Telugu
